

You can have beautiful new kitchen counters in one day

Here's Bill French of B&D Designs to tell you how...

Dear Home Owner,

You're probably ready to have new countertops put in your kitchen but you just don't want to go through the hassle of having your kitchen torn up for days at a time.

We're willing to bet you've had some problems with construction work in your home. We're pretty sure one of your complaints was "they just took forever to get the job done."

B&D Designs has your solution...

One day construction

You don't have to wait any longer for beautiful new kitchen countertops.

Call us at **(951) 304-3366** to schedule your estimate. We'll make a **FREE** visit to your house to show you our beautiful granite, quartz, and acrylic countertop samples. We'll listen and help you decide what you want for your kitchen. We'll write up your estimate and set up a day to come back to your house to do the work.

Here's the best part: *We guarantee beautiful new kitchen countertops with only one day of construction.*

The \$507 guarantee

On the day you've scheduled with us, we come to your house at 7:00 in the morning with a work order, take out your old counters, and install new countertops before 7:00 that night.

If we don't finish everything on the original work order, we'll take five hundred seven dollars off the price of your job.

Our work is done

You can use your kitchen that night or wake up to beautiful new counters the next morning.

Call us today

We're looking forward to hearing from you.

Sincerely,

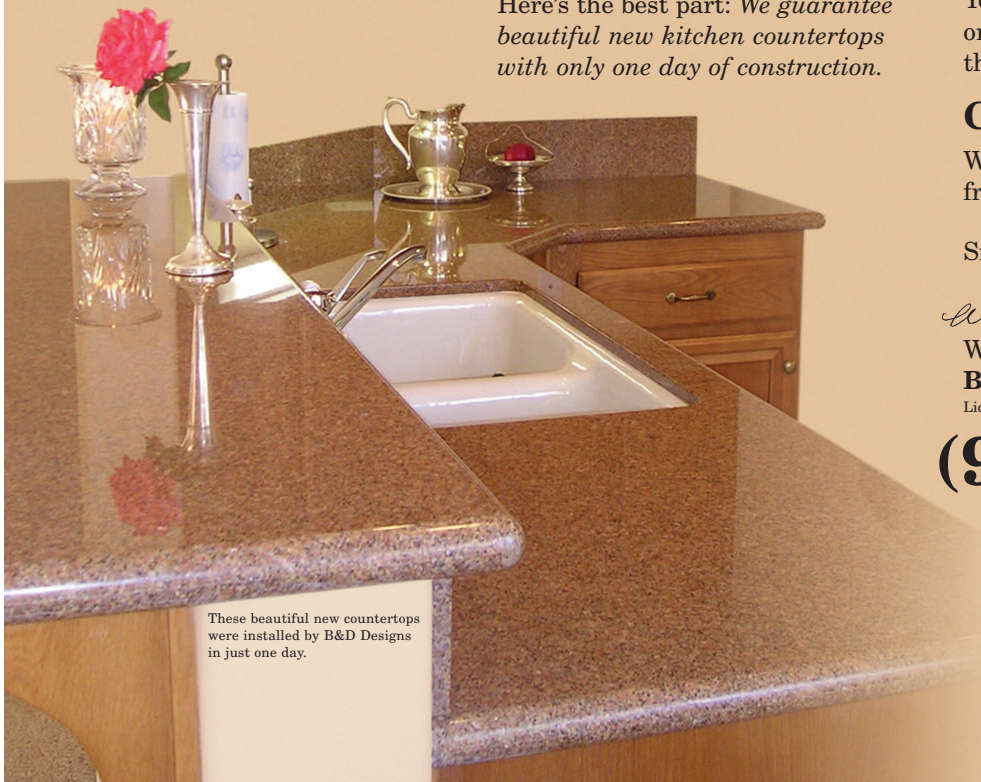

William G. French
