A GOLF SECRET REVEALED

Pearl Sinn Bonanni - LPGA Pro

You wouldn't think dirt and grass stuck to your club face could hurt your game, but they do. Even grains of sand can change the flight of the ball when you hit it. That little change at the tee makes a big difference where your ball lands on the green. A clean club face can improve the accuracy of your shot.

You'd better believe I use my Hi-Look® Hi-Tech Golf Towel before every shot.

Pearl Sinn Bonanni

Hi-Look® Microfiber:

Finer than Human Hair • Use Wet or Dry • Cleans Where Others Can't • Leaves No Streaks
